### **NATIONAL ONLINE SAFETY (NOS)**

**Dear Parent,**

The online world is posing an ever-increasing threat to children, and it is important that all the stakeholders work together to sensitize our children about online dangers. Safe usage of internet is an incredibly important part of safeguarding our children.

We are committed to protect our students by working in collaboration with National Online Safety [NOS] UK.

We are delighted to announce that and we are providing complimentary resources for all parents that will raise awareness about online safety and related issues.

The resources include Parents & Carers courses (presented by Myleene Klass), online video resources and weekly guides covering a huge range of topics, including:

The National Online Safety [NOS] platform access is provided to you by the school to enable school and parents to work toward common goals in the interest of students especially in the area of online safety. We urge you to take this up actively, create your account and start using the NOS platform and contribute to building a safe online experience and ecosystem for our pupils.

To create your account, please follow the instructions in the link below.
