Complimentary Access to Blulines Learning Tool

Dear Parent,

In our effort to explore different learning platforms that may be beneficial to students, school is giving an opportunity to **Blulines** to showcase their platform by allowing students complimentary (free) access to their learning material for a limited time. **Blulines** is an innovative learning platform designed to support students through short, high-impact video lessons, live classes, and structured exam-focused content.

As part of this initiative, **students of Grades 8, 9, and 10** will be able access **complimentary access to the Blulines Learning App until 20 March 2026** after registering with the required details. This complimentary access will allow students to explore the platform, revise concepts effectively, and potentially benefit from the academic support features offered, especially as the Annual and Board exams are upcoming. Once this trial is over, we will take feedback from students who made use of Blulines to evaluate the platform.

How to Access the App:

1. Download the Blulines app using the link below: <http://pages.blulines.in/download>
2. Sign up using the Google/ Apple ID
3. Create your Bluline Account by entering Mobile Number, State, Email, Name, Class, Board
 1. Use the **Referral Code: @HABITAT** to activate free access.
4. Students may begin using the app immediately after completing registration.

About Blulines:

The platform offers:

- Under-5-minute topic-based video modules
- Content designed from previous board questions and textbook exercises
- Live classes, doubt-clearing support, and performance tracking
- Non-disruptive, school-aligned learning support

We encourage all students of Grades 8, 9, and 10 to make full use of this opportunity to strengthen their learning and exam readiness.

Regards,
