Smart mind turns scraps into solutions!

Dear Parent,

Greetings!

To foster creativity and inspire innovation among our Kindergarten students, we are delighted to invite you to participate in the “Best Out of Waste” competition alongside your child. This engaging event aims to encourage hands-on learning and collaborative creation using recyclable materials.

Parents may do the basic preparation at home and complete the project at school.

Event Details:

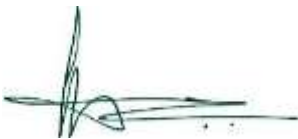

- **Date:** Thursday, 12th June 2025
- **Reporting Time:** 8:00 AM
- **Activity Time:** 8:30 AM – 9:30 AM
- **Venue:** Your child’s Kindergarten classroom
- **Objective:** Design and create a decorative or functional item using only waste materials
- **Preparation:** Basic groundwork may be done at home; the final project will be completed at school
- **Materials to Bring:** All necessary items, including cutouts or printouts, must be brought from home
- **Suggested Materials:** Tetra packs, plastic bottles, newspapers, egg trays or shells, and other recyclable items
- **Recognition:** The top three creations will be awarded 1st, 2nd, and 3rd prizes.

Please Note:

- The proceeds from the decorative items will go to the charity.
- Kindly confirm your participation with the class teacher by **Friday, 6th June 2025**.

We look forward to your enthusiastic involvement in making this event both joyful and impactful!

Regards,

Principal
Mariyam Nizar Ahamed
