SAFAL 2025-26 for Grades 6 and 9

Dear parent,

Kindly note the following:

SAFAL (Structured Assessment for Analyzing Learning) is a competency-based diagnostic assessment introduced by CBSE as per NEP 2020. It is conducted for students of Grades 6 and 9 to help identify learning strengths and areas needing improvement.

Important points:

1. SAFAL is purely diagnostic and aims to assess students' competency levels for better teaching-learning.
2. No special preparation is required; regular classroom learning is sufficient.

The first two SAFAL exams (English and Science) for Grade 9 have been successfully completed as scheduled. If any SAFAL exam coincides with a PA2 exam, students will complete the PA2 exam first and then appear for the SAFAL online exam.

Please note that the remaining examinations will be conducted as follows:

Grade 9

- **Science**– 17th November

Grade 6

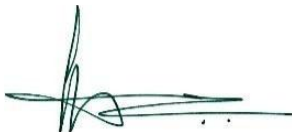

- **English** -24th November
- **Mathematics**- 26th November
- **Science** – 4th December

We request parents to ensure that students of the above mentioned grades are present for the examination.

Thank you for your continued cooperation.

NOTE: ATTENDANCE IS MANDATORY

Regards

Principal
Ms. Mariyam Nizar Ahamed
