Reminder – Activation of School Bus Tracking App ‘Big Yellow Bus Pro’

Dear Parent,

This is to remind you that the **school bus tracking application, ‘Big Yellow Bus Pro’, has been integrated into the Habitat App**. It has been noted that some parents have not yet activated the service. We encourage you to do so to receive **real-time notifications** about your ward’s onboarding and offboarding at the school bus or school gate.

Steps to activate the service:

1. Open the **Habitat App** and select **Locator & Navigator** from the menu.
2. Tap the **Download** button to install the **Big Yellow Bus Pro app**.
3. After installation, return to the Habitat App and again select Locator & Navigator.
4. The app will automatically sign in to **Big Yellow Bus Pro**.

Note: This setup is required only once, unless you log out of the Big Yellow Bus Pro app.

We request all parents to complete this setup at the earliest to stay updated on your ward’s transport status
